Real-world matches are used to develop new gameplay and these matches will be shared with EA Sports to improve game development. As part of this collaboration, EA Sports will use player likeness technology to accurately recreate player faces and movements in the game. Players will also be able to use their character progression in Fifa 22 Serial Key, with improved visual effects, visuals, player skin, face and hair. FIFA 22 also introduces one-touch gameplay refinements which make passing, dribbling and shooting less fiddly and much more playable. FIFA 22 features new and refined controls for quicker passes and sharper shooting as well as improved cornering and shoot control. Players will also be able to set up teammates to efficiently launch pinpoint crosses and through balls. All new female player movements and animations have been perfected to deliver the perfect female athlete and FIFA 22 features improved facial animations and hairstyles. The release of FIFA 22 in March is scheduled for a wide range of platforms. Features Key:

- The latest generation of the award-winning ESPN presentation of FIFA, which delivers the best lights, sounds, stadium and gameplay of any FIFA title to date.
- Combined US \$100M investment in technology allowing every aspect of the game to deliver unprecedented levels of atmosphere, engagement, and player realism.
- Eight new commentators, bringing the total number of commentators in FIFA games to 24.
- FIFA 2K chroniclers, masters of the real sounds of football and the FIFA signature soundtrack.
- Player passing ratings calibrated by real-world performance.
- True 1 vs. 1 play, meaning there is no AI-controlled opponent when taking shots or dribbling.
- New dribbling controls allowing players more control at the end of the line.
- New "Intelligent Ball Control" (IBC) system, which uses the latest motion capture technology to provide a new method of controlling players with the ball at all times, meaning players no longer need to unthinkingly pass or dribble the ball away from opponents.
- New inter-pass animation and ball physics system (ball feel), which provide the game with many new play styles.
- Tackle animations powered by previously unseen positional markers to ensure defenders can no longer escape a challenge.
- "Over the Top AI" - a new defensive tactic that tightens up the opposition team by allowing the opposition defense to press any forward in possession.
- Interactive free kicks - you can make free kicks easier or tougher for your player from the touchline by tailoring your line to suit his short or long passing ability.
- B-Ball button gets even better - play harder, dribble with more freedom and shoot with greater confidence.
- Sand & Sky - an update to FIFA's digital pitch system which will deploy to over a million venues.
- Closed season - the best football season in the land is upon us, and you'll begin it with a line up of big names across five leagues.
- Smooth playing surface - an improved stability when kicking and tackling the ball.
- Sealed ball - The ball will be permanently fixed to
