Adobe Photoshop CS3 -- Features Adobe Photoshop CS3 is the most recent version of Photoshop. It is the successor to both Photoshop CS2 and Photoshop Elements 2. Saving Save your work frequently, because editing and adjusting images in Photoshop can be painstakingly slow. The Art History panel (introduced in Photoshop CS3) allows you to see and view the history of your past edits, including creating layers, selections, adjustments, and more. Layers and Merging Photoshop CS3 brings layers to the next level. This method of working allows you to combine several layers or objects to create a final image. Merging enables you to add new layers, apply effects, and modify the appearance of existing layers, all while working in one window. Photoshop CS3 also introduced a new animation feature that allows you to apply graphic effects to your images, including rotating, flying, and moving objects. Adobe® Photoshop® CS3 was the first version of Photoshop to incorporate a full-screen view mode, making it easier than ever to examine and focus on images that you're working on. Adobe® Photoshop® CS3 (formerly Photoshop 7) also introduced a zoom function that enables you to see an image in high resolution while maintaining the ability to zoom in without losing image quality. Other Features Photoshop CS3 also offers multiple updates to tools in Photoshop that may interest photographers. Exposure Control Panel -- This tool is found in Photoshop CS3. This tool enables you to adjust the exposure, saturation, color, and brightness of any image. This includes changing the light and dark points within an image to allow it to become either too bright, too dark, or correct for lighting conditions. Spot Healing Brush -- This tool allows you to select a particular area of an image and remove blemishes, scratches, or other imperfections. It can also automatically blend your edits in with any adjoining areas of the image. Smart Sharpen -- A feature of the Filter / Sharpen / Smart Sharpen filter, Smart Sharpen automatically adjusts a digital image's focus. It can be used to enhance any image, and although it is most commonly used to enhance portraits and provide an emphasis on the eyes, it can be used to highlight other areas of an image, such as focus on the sky. New Filter Effects Adobe Photoshop CS3 offers several new filter effects. Photoshop has always been a

City Council Adds \$3.3 Million in Capital Funding for Fiscal Year 2017 The Capital Improvements Program for Fiscal Year 2017 provides approximately \$3.3 million in funding for major capital improvements, including \$1.7 million for a sidewalk overhaul along University Avenue, \$1.4 million in funding for the construction of the West Falls Bridge, and \$600,000 for street repairs. In addition, \$500,000 will be allocated to the Muny River Bridge Replacement Project, and \$1.5 million will be used to help support public transportation projects in the city. Mayor Sylvester Turner provided additional funding for New Orleans' investments in culture and historic preservation, which includes approximately \$1.5 million in support of seven local arts and culture organizations. For example, \$150,000 will help support the New Orleans Jazz National Historical Park. Additionally, the Mayor provided funding for improvements at the New Orleans Juvenile Assessment Center (NOJAC). \$50,000 will be used to hire a digital analyst for the NOJAC to review and implement improvements in the child welfare system. Additionally, the Mayor provided funding for the Recycle-A-Bin promotion for all 12 New Orleans Code Enforcement offices. The city will have 250 Recycle-A-Bins placed throughout the city on or before April 30, 2017. These funds will help improve the quality of life for New Orleanians by providing essential services and infrastructure projects to support the people who live, work, and do business in this unique city. The City Council is the legislative body of the City of New Orleans and as such, the Council has the authority to approve all funding for capital improvements.// This file is part of Eigen, a lightweight C++ template library // for linear algebra. // // Copyright (C) 2011 Benoit Jacob // // This Source Code Form is subject to the terms of the Mozilla // Public License v. 2.0.
